Other Information

We have many opportunities for your career progression within the renal wards and dialysis units and as a renal specialist nurse:-

- We have a Home Therapies Unit run by nurses assessing and evaluating patients receiving haemodialysis and peritoneal dialysis at home.
- We have specialist nurse led clinics run in our renal outpatients .
- These specialist nurses who run these clinics include:-

Advanced Kidney Care Nurses

Anaemia Nurses

Transplant Nurses

Pre-operative Nurses

Vascular Access Nurses

Palliative Care Nurses
